Lynda Howitt and Christian Mushenko

Capturing expressions of the soul is the passion and inspiration behind this joint exhibition by artist Lynda Howitt www.lyndahowitt.com and photographer Christian Mushenko www.mushenko.com.au.

Lynda recently winner of Signature of Sydney, 'the Nation's biggest art prize' and Christian recently named by World Photographic Arts as one of 'the world's finest photographers'.

These paintings and photographs of feelings entwined with mystery represent a true form of self expression of some of the innermost feelings of one's soul. Intimate artworks like these reach out and touch the viewer, resonating with their own experience.

This stunning exhibition is a must see. On from February to April 2007.
